Addresses and Brands 2020

In each issue TJI publishes an international directory (different branches) of tobacco manufacturers and suppliers in the tobacco trade sector.

With its detailed product information, this address index is an important up-to-date guide for the whole tobacco industry. Additionally you have the possibility to publish your coloured company logo and your products and services at a very reasonable price. The addresses are only published after the company has confirmed the accuracy of the information and will be published in the TJI YEARBOOK additionally free of charge.
